

## ENGLISH

### VACUUM CLEANER

- Description**
1. Carpet brush
  2. "Carpet/floor" switch
  3. Telescopic pipe switch
  4. Telescopic extension pipe
  5. Flexible hose handle
  6. Flexible hose nozzle
  7. Flexible hose nozzle clamps
  8. Flexible hose nozzle

### USING OF BRUSH ATTACHMENTS

#### Carpet/floor brush (1)

Set the switch on the brush to the required position (depending on the type of the surface being cleaned).

#### Flexible nozzle (2)

The crevice nozzle (27) is intended for cleaning of radiators, chinks, corners and spaces between cushions.

#### Flexible nozzle (28)

The attachment (28) is intended for cleaning of fabric surface protector.

#### Small brush (29)

The small brush (29) is intended for cleaning furniture surface; pile protection prevents damage of polished furniture surface.

### Operation

#### Attention!

Always switch on the vacuum cleaner with the installed dust container (10) and filters (21, 22) installed in it.

If HEPA filter (22) is not installed the filter absence (20) will not allow you to install the dust container (10) to its place.

Before using the unit, unwind the power cord to the required length and insert the plug into the socket. Yellow mark on the power cord indicates the maximum cord length.

Do not unwind the power cord further than the red mark.

Push the button (13) to switch the vacuum cleaner on.

During the unit operation you can control the suction power and the power control (15).

After the unit operation switch the vacuum cleaner off pressing the button (13) and unplugging the unit.

To wind the cord press the button (17), hold the winding cord with hand in order to avoid its whipping and damage.

Between operations use the brush storage space (16).

Be careful for vertical (4) and horizontal (25) handling of vacuum cleaner after you finish room cleaning.

### SAFETY MEASURES

#### Read the instruction carefully before using the vacuum cleaner.

#### WARNING

To avoid the hazard of electric shock, fire and injury:

Use the unit in strict accordance with the instruction manual.

Before connecting the unit to the mains, make sure that voltage specified on the unit corresponds to the mains voltage at your home.

In order to avoid fire do not use adapters for plugging the unit in.

Do not leave the plugged in vacuum cleaner unattended. Always unplug the unit if it is not being used or before maintenance.

Do not connect electric shock do not use the vacuum cleaner outdoors, do not use it for collecting water or other liquids.

For children safety do not leave polyethylene bags, used as a packaging, unattended.

Always allow children to use the unit as a toy. Close supervision is necessary in case there are children or disabled persons near the operating unit.

This unit is not intended for usage by children or disabled persons unless they are given all the necessary instructions by a person who is responsible for their safety on safety measures and information about danger, that can be caused by improper usage of the unit.

Do not use the power cord or flexible hose as a handle for turning the vacuum cleaner, do not close the door if the power cord runs through the doorway, do not let the power cord come in contact with sharp edges or corners of furniture. Do not roll over the power vacuum cleaner while room cleaning - it can damage the cord.

Unplug the unit before cleaning or when you do not use it.

Do not touch the plug and the body of the vacuum cleaner with wet hands.

Hold the winding cord with hand in order to avoid the plug kicking against the floor.

Do not cover the unit outlets with foreign objects.

Do not switch on the unit if any of its openings is blocked.

Keep hair, free hanging clothes, fingers and other parts of your body away from the vacuum cleaner suction opening.

Do not pull the power cord when unplugging the unit. When unplugging the unit pull the plug but not cord.

Close supervision is necessary while cleaning the stain remover.

Do not use the vacuum cleaner for collecting of such highly inflammable liquids as gasoline and solvents.

Do not use the unit in the places where such liquids are stored.

Do not use the vacuum cleaner for collecting water and other liquids, burning or smoking cigarettes, matches, cinders as well as fine dust, for example, of plaster, concrete, flour or ashes.

Do not use the vacuum cleaner if:

filters in dust container are not installed; HEPA filter and foam filter are not installed;

Make sure regularly that the power cord and the plug are not damaged.

You must not use the unit when the power plug or cord is damaged, when the unit malfunctions or after it was dropped. Do not try to repair the unit by yourself. Contact the authorized service center for all repair issues.

### THE UNIT IS INTENDED FOR HOUSEHOLD USAGE ONLY

### BEFORE USING THE UNIT FOR THE FIRST TIME

Unpack the vacuum cleaner completely and check it for damages. Do not use the unit in case of damages.

### NOTE:

Before using the unit, make sure that your home electricity supply corresponds to the voltage specified on the vacuum cleaner body.

Always switch off the vacuum cleaner and unplug it while replacing the brush attachments and before cleaning the dust container.

Insert the flexible hose nozzle (8) into the air inlet (9), matching the clamps (7) with the grooves in the air turn the flexible hose nozzle (8) clockwise in the direction of "LOCK" mark. To remove the flexible hose turn it counterclockwise in the direction of "UNLOCK" mark and detach it.

Attach the telescopic extension pipe (4) to the handle of the flexible hose (5).

Extend the lower part of the telescopic extension pipe to the required length, having preliminary pressed the lock (3).
